PORTABLE STACKER

**PORTABLE MANUAL STACKER**

Load Capacity: 400kg

# Manual lift table

## Mini stacker for light loads

The Light Duty Portable Stacker is a compact and versatile material handling solution designed for lifting, stacking, and transporting light loads with ease. With a lifting capacity ranging from 150 Kg to 400 Kg, this manual hydraulic mini stacker is ideal for warehouses, workshops, retail stores, small factories, and offices where lightweight lifting solutions are required.

## Easy-move hydraulic lifter

Built with a sturdy yet lightweight steel frame, this stacker ensures durability while remaining easy to maneuver in tight spaces and narrow aisles. Its manual hydraulic lifting system provides smooth lifting and lowering of goods, making it a safe and ergonomic alternative to heavy-duty forklifts for small-scale applications.

## Single person operator structure

Thanks to its compact and portable design, the Light Duty Portable Stacker can be easily moved, stored, and operated by a single person. Perfect for handling cartons, light pallets, tools, and small equipment, it improves efficiency and reduces operator fatigue in everyday material handling tasks.

# Specifications
