STAINLESS STEEL HAND PALLET TRUCK

STAINLESS STEEL HAND PALLET TRUCK

Load Capacity: 2500kg

Tough, clean, stainless - Strength that never rusts

304SS pallet truck, built for hygiene

The Stainless Steel 304SS Manual Hand Pallet Truck is designed for industries that require the highest standards of hygiene, durability, and corrosion resistance. Built with premium 304-grade stainless steel, this pallet truck is ideal for food processing units, pharmaceutical plants, chemical industries, fisheries, and cold storage facilities.

Reliable Power in Stainless Steel

With a load capacity of 2500 Kg, this heavy duty stainless steel pallet jack ensures smooth and reliable pallet handling even in the most demanding environments. The 304 stainless steel frame, hydraulic pump, axles, and handle are resistant to rust, moisture, acids, and harsh chemicals, making it the perfect choice for wet and hygiene-sensitive applications.

Engineered for ease and hygiene

Equipped with an ergonomic 3-position control handle (Lift, Neutral, Lower) and smooth-running PU wheels, this manual stainless steel pallet truck offers effortless maneuverability, quiet operation, and long-lasting performance. Its easy-to-clean design ensures maximum hygiene, making it a preferred choice for industries where contamination control is critical.

Quality and Toughness

Pressure relief for safer lifting

The Stainless Steel Pallet Truck is equipped with a pressure relief valve and overload protection system to ensure safe and reliable operation. These features prevent potential pump damage when the load exceeds the rated capacity, extending the truck's service life and maintaining optimal performance. Designed for demanding industrial environments, it offers both durability and safety in every lift.

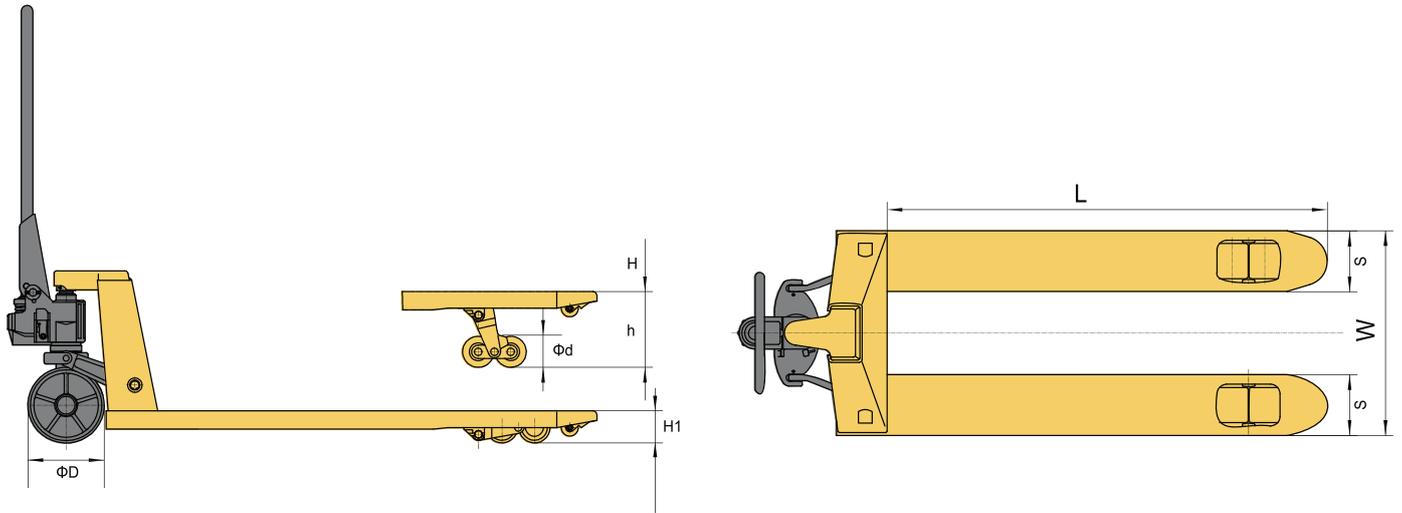

Nylon rollers for wet and corrosive areas

The SS Truck comes equipped with nylon fork rollers as a standard feature, ensuring smooth and efficient movement even in damp, corrosive, or harsh environments. These durable rollers provide excellent resistance to moisture, chemicals, and abrasion, making the pallet truck ideal for wet or hygiene-sensitive applications such as food processing, pharmaceuticals, and cold storage facilities.

Specifications

MODEL		SMPT25SS	
1	Capacity	kg	2500
2	Pump type		Stainless Steel
3	Wheel type		Nylon
4	Size of steering wheel	ØD mm	180*50
5	Size of loading wheel(single wheel)	Ød mm	74*93
6	Lifting height	h mm	115
7	Max. lifting height	H mm	195
8	Lowered height of fork	H1 mm	85
9	Fork outside distance	W mm	550
10	Fork length	L mm	1150
11	Fork width	S mm	160
12	Fork thickness	mm	3
13	Weight	kg	70-80
