DRIVE YOUR WORKFLOW

LIFTING & MATERIAL HANDLING SOLUTIONS

STEERX is a leading provider of innovative material handling solutions designed to optimise efficiency, safety, and productivity across industries.

Suppliers of Material Handling & Industrial Equipments like Pallet Trucks | Manual, Semi & Full Electric Stackers Table & Scissor Lifters | Electric Forklifts | Reach Stackers | Drum Lifters & Tilters | Platform Trolley

Easy & Comfortable

Rugged & Durable

Cost Effective

Outstanding Quality

Intelligent & Efficient

HAND PALLET TRUCK - 2500/3000 KG

Equipped with high-quality, wear-resistant nylon and polyurethane wheels, designed for heavy loads and effortless maneuverability. Precision-engineered chassis requires minimal effort to move loads up to 2500 kg / 3000kg, making it ideal for warehouses, factories, and logistics operations. Ergonomically designed rubber-coated handle with a non-slip grip ensures safe handling. Features a three-lever control system with both handle lever release and foot pedal release for easy lifting and lowering. Adjustable lowering speed and automatic neutral return for added convenience.

SR NO.	MODEL	CAPACITY	FORK SIZE	LOWER HEIGHT
1	SMPT25-550H	2500 kg	1150 x 550 mm	75 mm
2	SMPT30-550H	3000 kg	1150 x 550 mm	75 mm
3	SMPT25-685H	2500 kg	1220 x 685 mm	75 mm
4	SMPT30-685H	3000 kg	1220 x 685 mm	75 mm

HAND PALLET TRUCK - 5000 KG

Equipped with durable iron wheels for superior strength, excellent stability, and smooth, effortless steering even under maximum load. Manufactured with high-quality torsion-resistant steel profile, ensuring maximum durability and performance in demanding work environments. Ideal for manual transportation of heavy goods over short distances in warehouses, factories, retail stores, and logistics operations. Advanced hydraulic lifting system with overload protection valve guarantees safe operation during heavy lifting.

SR NO.	MODEL	CAPACITY	FORK SIZE	LOWER HEIGHT
1	SMPT50-550H	5000 kg	1150 x 550 mm	85 mm
2	SMPT50-685H	5000 kg	1220 x 685 mm	85 mm

SUPER LONG - HAND PALLET TRUCK

The Super Long Manual Hand Pallet Truck with 2000 mm fork length and 2000 Kg load capacity is specially designed for handling extra-long pallets, bulky loads, and oversized materials with ease. Built from high-strength reinforced steel, this heavy-duty pallet truck ensures maximum durability, stability, and performance in demanding warehouse, factory, and industrial environments.

SR NO.	MODEL	CAPACITY	FORK SIZE	LOWER HEIGHT
1	SMPT20-2000	2000 kg	2000 x 550 mm	75 mm

WEIGHING - HAND PALLET TRUCK

The digital weighing scale pallet truck features an advanced electronic weighing system, enabling real-time and highly accurate measurement of pallet loads directly during transport. This eliminates the need for separate weighing stations, streamlining your warehouse operations and boosting efficiency. Built with reinforced, high-grade steel chassis, this pallet truck offers robust durability and superior load-bearing performance for capacities up to 2500kg or 3000kg. The rugged design ensures reliable use in demanding industrial and commercial environments, making it perfect for warehouses, factories, and distribution centers.

SR NO.	MODEL	CAPACITY	FORK SIZE	LOWER HEIGHT
1	SWPT25	2500 kg	1150 x 550 mm	78 mm
2	SWPT30	3000 kg	1150 x 550 mm	78 mm

BATTERY OPERATED PALLET TRUCK

Our battery operated pallet truck is powered by advanced brushless motor technology, delivering exceptional strength, smooth performance, and zero maintenance requirements. Unlike traditional models, there’s no need to replace carbon brushes, ensuring longer life and lower service costs. This electric hand pallet truck effortlessly moves 1.5–2 tons of load over warehouse slopes, ramps, and dock entrances, making it a trusted choice for modern material handling. The lithium battery pallet truck allows battery replacement in just 6 seconds, ensuring continuous 24/7 operation with a spare battery.

SR NO.	MODEL	CAPACITY	FORK SIZE	BATTERY
1	SEPT20H	2000 kg	1150 x 550 mm	Lithium(48V / 10Ah)

TABLE LIFTER - MANUAL

The Manual Hydraulic Table Lifter is a versatile and ergonomic solution for lifting, transporting, and positioning heavy loads with ease. Designed for warehouses, factories, workshops, logistics centers, and assembly lines, this scissor lift table trolley combines efficiency, safety, and durability, making it an essential tool for modern material handling operations.

SR NO.	MODEL	CAPACITY	PLATFORM SIZE	LIFTING HEIGHT
1	SLT350B	350 kg	905 x 500 x 50 mm	1300 mm
2	SLT500A	500 kg	815 x 500 x 50 mm	900 mm
3	SLT800A	800 kg	1016 x 510 x 60 mm	1000 mm

SCISSOR PALLET TRUCK - MANUAL

The Manual High Lift Scissor Pallet Truck with 1000 Kg capacity is a versatile material handling solution designed for lifting, transporting, and positioning heavy loads with ease. Combining the functionality of a manual pallet jack and a scissor lift table, this equipment is ideal for warehouses, factories, workshops, logistics centers, and assembly lines where ergonomic lifting is essential. Its hydraulic lifting system allows smooth and controlled lifting of loads up to 1000 kg, while the reinforced scissor lift design provides excellent stability and balance at maximum height.

SR NO.	MODEL	CAPACITY	FORK SIZE	LIFTING HEIGHT
1	SHLPT10	1000 kg	1150 x 550 mm	800 mm

MANUAL DRUM LIFTER & TILTER

The Manual Drum Stacker is a reliable and efficient hydraulic drum handling equipment designed to lift, transport, and stack 55 gallon Steel drum & 200L closed plastic drums with ease. Built with a rugged steel frame and powerful hydraulic pump system.

SR NO.	MODEL	CAPACITY	LIFTING HEIGHT	DRUM SIZE
1	SDS450	450 kg	50-1400 mm	55 gallon Steel drum 200L Plastic drum

MANUAL HAND STACKER

The Manual Hydraulic Stacker is a reliable and cost-effective material handling solution designed for lifting, stacking, and transporting heavy loads in warehouses, factories, workshops, and logistics facilities. Built with a robust steel frame and powerful hydraulic system, this hand-operated stacker is engineered to handle loads up to 1500 Kg, offering maximum durability and efficiency in daily operations. With its low maintenance design, overload protection valve, and premium wheels, the Manual Hydraulic Stacker is the ideal choice for businesses seeking a safe, durable, and efficient alternative to forklifts for medium-duty lifting and stacking tasks.

SR NO.	MODEL	CAPACITY	LIFTING HEIGHT	FORK SIZE
1	SMHS15-1600	1500 kg	1600 mm	1150 x 560 mm
2	SMHS15-2000	1500 kg	2000 mm	1150 x 560 mm
3	SMHS15-3000	1500 kg	3000 mm	1150 x 560 mm
4	SMHS15-2000A	1500 kg	2000 mm	1070 mm

SEMI ELECTRIC HAND STACKER

The Semi Electric Stacker is a reliable and cost-effective material handling equipment designed to lift and transport pallets with ease. Combining manual traction with electric-powered hydraulic lifting, this stacker offers the perfect balance of performance, affordability, and low maintenance.

SR NO.	MODEL	CAPACITY	LIFTING HEIGHT	FORK SIZE	BATTERY
1	SSEPS15-1600	1500 kg	1600 mm	1150 x 560 mm	12V / 120Ah
2	SSEPS15-3500	1500 kg	3000 mm	1150 x 560 mm	12V / 120Ah
3	SSEPS15-2500A	1500 kg	2500 mm	1150 x 560 mm	12V / 120Ah

FULL ELECTRIC HAND STACKER

The Full Electric Pedestrian Stacker (1500 Kg Capacity) is a high-performance walkie pallet stacker designed for lifting, stacking, and transporting pallets efficiently in warehouses, factories, logistics centers, and retail storage facilities. Combining electric lifting and compact pedestrian operation, it offers a cost-effective, energy-efficient alternative to traditional forklifts. Equipped with a powerful battery-driven motor and hydraulic system, this pedestrian / walkie electric stacker allows smooth, precise lifting and lowering of pallets while reducing operator fatigue.

SR NO.	MODEL	CAPACITY	LIFTING HEIGHT	FORK SIZE	BATTERY
1	SEST15-3500	1500 kg	3500 mm	1150 x 560 mm	2 x 12V / 71Ah
2	SEST15-3500SL	1500 kg	3500 mm	1070 x 100 mm	2 x 12V / 71Ah

FREE LIFT - FULL ELECTRIC STACKER

The Full Electric Pedestrian Stacker with Free Lift Mast – 1200 Kg Capacity is a powerful and versatile solution for warehouse material handling, pallet stacking, and goods transportation in narrow aisles. Designed with advanced ergonomics and durability, this walkie electric stacker combines high performance with operator safety. With its free lift mast, the stacker allows operators to lift pallets to a significant height without increasing the overall mast height, making it ideal for low ceiling warehouses, mezzanine floors, and confined spaces.

SR NO.	MODEL	CAPACITY	LIFTING HEIGHT	FORK SIZE	BATTERY
1	SEST12H-3500FL	1200 kg	3500 mm	1150 x 560 mm	2 x 12V / 71Ah

HEAVY-DUTY FULL ELECTRIC STACKER

Our Heavy Duty Full Electric Stacker is a powerful and efficient walkie pedestrian stacker designed to handle demanding warehouse, factory, and distribution center operations. Built with a robust steel frame, advanced electric drive system, and ergonomic controls, this battery-operated pallet stacker ensures safe, reliable, and efficient material handling for heavy loads. Engineered with safety, durability, and operator comfort in mind, this walkie electric stacker reduces manual effort, improves productivity, and ensures long service life with low maintenance.

SR NO.	MODEL	CAPACITY	LIFTING HEIGHT	FORK SIZE	BATTERY
1	SEST15T-4500	1500 kg	4500 mm	1150 x 560 mm	24V / 210Ah
2	SEST15T-5500	1500 kg	5500 mm	1150 x 560 mm	24V / 210Ah

REACH STACKER - FULL ELECTRIC

The Heavy Duty Full Electric Reach Stacker is designed for efficient and safe material handling in warehouses, factories, and distribution centers. Built with advanced battery-operated technology, this pedestrian reach stacker offers powerful lifting performance with 1500 kg and 2000 kg capacity options, making it ideal for heavy-duty operations. Mast Reach Stacker is the perfect selection combines the counterbalance stacker with the reach-mast, where a short length is needed with a higher lift capacity required.

SR NO.	MODEL	CAPACITY	LIFTING HEIGHT	FORK SIZE	BATTERY
1	SMRS15T-4500	1500 kg	4500 mm	1070 x 100 mm	24V / 210Ah

COUNTER BALANCE - FULL ELECTRIC

The Heavy Duty Counter Balance Stacker is a powerful and reliable electric forklift stacker designed to handle heavy loads with maximum stability and efficiency. With capacity options of 800 kg, this battery-operated counter balance stacker is perfect for warehouses, factories, distribution centers, and logistics operations. Unlike standard pallet stackers, the counter balance design eliminates the need for outriggers, allowing it to handle closed pallets, skids, and various load types with ease.

SR NO.	MODEL	CAPACITY	LIFTING HEIGHT	FORK SIZE	BATTERY
1	SCB08-I	800 kg	3500 mm	1070 x 100 mm	2 x 12V / 125Ah

LOW PROFILE - HAND PALLET TRUCK

The Low Profile Manual Hand Pallet Truck is designed to handle low clearance pallets and special pallet sizes that cannot be lifted by standard pallet trucks. With a fork height as low as 35 mm, this low entry pallet jack makes it easy to maneuver and lift plastic pallets, Euro pallets, and other non-standard designs commonly used in warehouses, factories, and retail stores.

SR NO.	MODEL	CAPACITY	FORK SIZE	LOWER HEIGHT
1	SMPT10L-35	1000 kg	1150 x 550 mm	35 mm
2	SMPT20L-51	2000 kg	1150 x 550 mm	51 mm
3	SMPT25L-51	2500 kg	1150 x 550 mm	51 mm

STAINLESS STEEL / GALVANIZED TROLLEY

The Stainless Steel 304SS Manual Hand Pallet Truck is designed for industries that require the highest standards of hygiene, durability, and corrosion resistance. Built with premium 304-grade stainless steel, this pallet truck is ideal for food processing units, pharmaceutical plants, chemical industries, fisheries, and cold storage facilities.

The Galvanized Manual Hand Pallet Truck is specially designed for harsh, wet, and corrosive environments, making it the perfect choice for industries such as food processing, pharmaceuticals, fisheries, cold storage, and chemical plants. With a capacity of 2500 Kg, this heavy-duty galvanized pallet jack ensures reliable performance while resisting rust and corrosion for long-lasting durability.

SR NO.	MODEL	CAPACITY	FORK SIZE	LOWER HEIGHT
1	SMPT25SS	2500 kg	1150 x 550 mm	85 mm
2	SMPT25G	2500 kg	1150 x 550 mm	85 mm

PLATFORM TROLLEY - FOLDABLE

The Prestar Heavy Duty Platform Trolley is a trusted and durable material handling solution, designed for safe and effortless transportation of goods in warehouses, factories, offices, retail shops, logistics operations, and commercial spaces.

SR NO.	MODEL	CAPACITY	PLATFORM SIZE	WHEEL DIA
1	NB-101	150 kg	740 x 480 mm	Ø100 mm
2	NF-301	300 kg	910 x 610 mm	Ø130 mm
3	NG-401	500 kg	1100 x 790 mm	Ø200 mm

ABOUT US

Powering Industrial Efficiency with Smart Handling Solutions.

At Steerx, we specialize in delivering reliable and innovative Handling, Loading, and Lifting Equipment that streamline operations across industries. At Steerx, we empower industries to achieve efficiency, safety, and precision in material movement.

Based in Dubai - UAE, we are committed to serving the needs of warehouses, factories, logistics hubs, and industrial facilities with high-performance material handling solutions.

Steerx started with the belief that businesses deserve more than just products – they deserve solutions that empower growth. With deep industry knowledge and a strong network of global manufacturers, we introduced a wide range of material handling equipment, manual & electric pallet trucks, hydraulic lifters, and stackers designed to simplify logistics and warehouse operations.

With years of experience serving manufacturing, warehousing, logistics, and heavy industry, we are committed to delivering reliable, innovative products that meet the diverse needs of modern operations.

OUR MISSION

To become the go-to industrial solutions provider by offering high-quality products at competitive pricing that enhances operational efficiency and productivity for businesses across the region, backed by unmatched customer service and technical expertise.

OUR VISION

To steer industries towards efficiency by bridging the gap between technology, quality, and affordability in material handling and industrial equipment.

Suppliers of Material Handling & Industrial Equipments

Pallet Trucks | Manual, Semi & Full Electric Stackers | Table & Scissor Lifters | Electric Forklifts
Reach Stackers | Drum Lifters & Tilters
